RE: U.S. Naval Submarine Base, King's Bay
Site Number 10093

Dear Sir/Madame:

Pursuant to Rule 391-3-19-.05(1) "Listing on the Hazardous Site Inventory," the Georgia Environmental Protection Division (EPD) has evaluated the above referenced site to determine whether a release exceeding a reportable quantity has occurred. Based upon information available to EPD at the time this evaluation was done, **It has been determined that a release exceeding a reportable quantity has occurred at this site.** Therefore, this site will be listed on the Hazardous Site Inventory on July 1, 1994.

Enclosed you will find a site summary for your site that will appear in the July 1, 1994 edition of the Hazardous Site Inventory. You will also find a document entitled "Introduction to the Hazardous Site Inventory" that provides an overview of the listing process.

In accordance with O.C.G.A. §12-8-70(d) and Rule 391-3-19-.05(2) "Release Reporting," please submit the following information unless such information has already been submitted pursuant to Rule 391-3-19-.04(4) "Notification Requirements":

- (1) Name, mailing address, and telephone number of the site's property owner, lessee, tenant, or facility owner or operator;
- (2) Street address of the site or, if a numbered address is not available, a location descriptor;
- (3) An original of the most current topographic map of scale 1:24,000 produced by the United States Geological Survey, with the geographic center of the site identified;
- (4) A description of the property boundaries in the vicinity of the site by legal description, survey plat, tax map, or other means. The property boundary description must include other owner's properties if they have been affected by the release;

- (5) A chemical name, taken from Appendix I, of each regulated substance released at the site which independently meets the notification criteria in Rule 391-3-19-.04(3);
- (6) A general description of the nature of the release and the location of areas affected by the release or by its subsequent migration, both within and beyond the original site's boundaries;
- (7) Suspected or known source, quantity, and date of the regulated substance released;
- (8) A summary of actions taken to investigate, clean up, or otherwise remediate the site;
- (9) A statement which identifies the criteria of Rule 391-3-19-.04(3) by which the property owner determined that a release which required notification has occurred.

Please submit the required information within forty-five (45) days of receipt of this correspondence to the following address:
